Uniforms since 1925
CELEBRATING 100 YEARS OF EXPERTISE

CASE STUDY: UNIFORM SUPPLY TO A LARGE MULTI YEAR COLLEGE

A Proven Uniform Program Built for Scale and Long-Term Consistency.

RELIABILITY AT SCALE

For large schools, uniforms must perform — not just in quality, but in supply.

With multiple year levels and peak enrolment periods, schools need:

- Consistent fit across cohorts
- Stable colour matching across production runs
- Reliable stock availability during high-demand periods
- Long-term continuity of core styles

When supply is inconsistent, the impact is immediate — increased enquiries, stock gaps, excess ordering and added administrative pressure.

Reliable supply and quality garments are important. We appreciate being able to call in more stock at short notice.

LONG TERM CONFIDENCE

Our uniform programs are designed to support:

- Principals seeking brand stability
- Business Managers requiring financial predictability
- Uniform Shop Managers needing simplified processes
- P&Cs focused on simple operations and reduced volunteer pressure

MODERN FABRIC. SAME IDENTITY

Improving performance doesn't mean changing your school's look.

We upgrade garments using modern fabric technology while preserving:

- Existing colours and tone
- Established branding and logos
- Recognisable design elements
- Community confidence in the uniform

From a distance, the uniform looks unchanged. There's no dead stock and it's business as usual for the shop.

Up close, it's stronger, more comfortable and built to last longer in real school conditions.

Trusted by Kelvin Grove State College

STRUCTURED SUPPLY YOU CAN DEPEND ON

At Wise Schools, reliability is engineered into the system.

- Forward production planning aligned to enrolment cycles
- Controlled re-order schedules for core lines
- Clear visibility of stock trends
- Back up stock availability for fast delivery

Our focus is continuity — ensuring your core uniform items remain consistent and available year after year. Because in a large college environment, supply confidence is critical.
